Sir:

This application was filed on July 2, 2003.

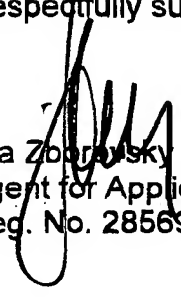

For unexplainable reasons, it has been held in the Office of Initial Patent Examination for several reasons, and only recently was assigned to the Technology Group.

In view of unexcusable delay in prosecution of this patent application, it is respectfully requested to examine it on expedited basis and issue a first Office Action as soon as possible

It is believed that such a request should be completely justified.

It is respectfully requested to respond to this letter asking to expedite the examination.

Respectfully submitted,
